In *Laudato Si*, Pope Francis provides a Christian perspective on the ecological crisis that is ravaging planet Earth. He is calling on humanity to move toward an ecological conversion in response to the cry of the earth and the cry of the poor. Christians in particular are reminded that their duty towards nature and the Creator are an essential part of their faith, and that because God is with us, we can all strive to change course.

Please make a commitment to read *Laudato Si* this May.

Meet in faith to share your concerns, prayers, and ideas over four 45-minute sessions.

Book Club meetings by Zoom will be May 8, 15, 22, & 29 at 7:00 pm
